MAX

writer **Gary Shteyngart**

Born in St. Petersburg but now an American as a vodka tonic, the author of *The Russian Doll*, *Leviathan*, and *Absurdistan* lives to skewer and satirize the excesses of global culture. "Russia still inspires me every day, and it's a very maximalist country. Tolstoy, Dostoyevsky—they didn't just swallow little pieces of society. They ate the entire world. My next book, it's a comedy about the collapse of the United States, and it's not just a snapshot. It's a gigantic romp."
